

Dylan M. Kramer

Summary

Cybersecurity Engineering student with hands-on experience in governance, risk, compliance, cybersecurity assessments, control testing, and audit support. Experienced in evaluating security risks, communicating findings to cross-functional stakeholders, and developing policies and remediation strategies that strengthen organizational security posture. Strong technical foundation combined with proven leadership, communication, and problem-solving skills.

Work Experience

Advanced Cybersecurity Governance, Risk and Compliance Intern

Kingland Systems (May 2026 - Present)

- Execute comprehensive cybersecurity risk assessments and control evaluations across enterprise systems and business processes to isolate control gaps and architect actionable remediation strategies.
- Support internal and external audits through control testing, evidence analysis, stakeholder coordination, and validation of compliance requirements.
- Develop and maintain cybersecurity policies, procedures, risk documentation, and governance materials aligned with organizational security and compliance objectives.
- Partner with technical and business stakeholders to communicate cybersecurity requirements, evaluate risk, track remediation efforts, and strengthen enterprise security posture.
- Lead the redesign and implementation of the organization's internal ethics reporting hotline, improving confidentiality, reporting workflows, and governance of employee ethics concerns.
- Accelerate cross-framework compliance initiatives for SOC 2, ISO 27001, ISO 27701, and NIST 800-53 via precise control mapping, automated evidence collection, and security requirement validation.

Computer Engineering Teaching Assistant

Iowa State University (August 2025 - Present)

- Collaborate with former State of Iowa CISO to develop and deliver undergraduate curriculum covering cybersecurity ethics, governance, and emerging security challenges.
- Translate complex cybersecurity concepts, frameworks, and ethical considerations into clear guidance for students with varying technical backgrounds.
- Mentor students and evaluate technical and written work, providing actionable feedback to improve cybersecurity reasoning and communication.

Information Technology Assistant

Lake Forest School District (May 2025 - August 2025)

- Managed and supported district IT infrastructure, endpoints, and network systems across a large educational environment.
- Diagnosed and resolved high-volume technical issues affecting users, devices, and network connectivity.
- Deployed and configured network infrastructure, including wireless access points and physical security systems.

Information Technology Assistant

Antioch Community High School (June 2023 - August 2023)

- Supported technology infrastructure through network troubleshooting, endpoint deployment, and system maintenance, improving reliability across the school environment.
- Mentored and supervised colleagues while coordinating technical support activities and infrastructure upgrades.

Freelance Web Developer/Designer

Fiverr.com (January 2020 - January 2023)

- Managed an independent freelance development business, working directly with clients to gather requirements and translate business needs into customized technical solutions.
- Managed project scope, timelines, client communication, and delivery while maintaining strong customer satisfaction and repeat business.

Dylan M. Kramer

Education

Bachelor of Science - BS, Cybersecurity Engineering

Iowa State University - College of Engineering (August 2023 - May 2027)

- Dean's List, GPA: 3.87
- IEEE-HKN Electrical and Computer Engineering Honor Society
- Iowa State Cyber Defense Competition 2025/2026 – Key team contributor earning 2nd place at ISU to secure a spot in the international competition
- Special Olympics IA Coach
- Youth ministry leader volunteer at Cornerstone Church

High School Diploma

Antioch Community High School (August 2019 - May 2023)

- National Honor Society & High Honors
- Presidential Leadership Committee
- Sequoia Sidekicks - Event Leader for individuals with disabilities
